

# ECONOCADE<sup>®</sup> II TRAFFIC DRUM

## NEW DESIGN

Innovative Features  
for Maximum Performance

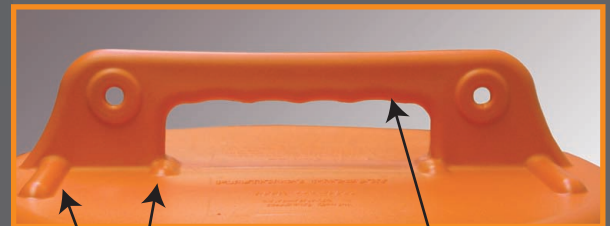

- **New!** Tire Locking Ring™,
  - Tired of drums rotating inside tire rings?
  - Texturized Locking Ring™ grips tire, giving you security on the job
- **New!** Stack more
  - at 36.77" H you can stack at least 10% more drums in the same space - making you more productive
- **New!** Comfort grip handle for secure, easy pick-up
- **New!** Innovative "light ledge" keeps light upright
- Anti-roll bottom, flat sections on all four sides
  - resists rolling when dislodged from ballast
- Customize your drums
  - with your name or logo molded in at our factory
- Thick walls make this drum rugged and durable
- Five tier design to maximize reflective sheeting
- Available in low or high density polyethylene
- NCHRP-350 Accepted, Meets MUTCD Standards
