# QueuePro 250 Twin

## TWIN BELTS

The QueuePro 250 Twin's lower belt restricts pedestrians from ducking under the belt, helps keep children in line and provides guidance for the visually impaired using a cane. The bottom belt makes this stanchion ADA (Americans with Disabilities Act) compliant. This post features a unique two piece post construction which allows the lower belt mechanism to be easily replaced in the field. The Xtra model features a 50% wider belt making a more visible barrier and giving much greater impact to printed logos and messages.

Standard 2"/50mm Belt  
Model PRO250TwinB
