WeatherMaster 300 Twin

PORTABLE & WEATHERPROOF

WeatherMaster 300 Twin's two 16'/4.9m belts halve the number of barriers needed with the industry standard 7.5'/2.3m belt and provide better access control as the lower belts restrict pedestrians from ducking under the belt. The lower belt also makes the WeatherMaster ADA (Americans with Disabilities Act) compliant. A tough recycled rubber base and powder coated stainless steel post means this product is ideal for tough indoor or outdoor environments.

Model WMR300TwinY

SPECIFICATIONS

- Height: 40"/1015mm
- Weight: 20lbs./9kg
- Post Diameter: 3"/75mm
